

## Final event invitation

### Paris, 17 September 2019

Dear Railway friends,

PIVOT, Mat4Rail, Run2Rail and Fair Stations invite you to their joint final event that will take place on the 17<sup>th</sup> of September 2019 in Paris. These Shift2Rail Joint Technology Initiatives will present their developments performed within the “Innovation Programme 1: Cost-efficient and reliable trains, including high-capacity trains and high-speed trains” and “Innovation Programme 3: Cost-Efficient and Reliable High-Capacity Infrastructure”). The event will be hosted at SNCF (“Campus Wilson”, 9 rue Jean Philippe Rameau, 93200 La Plaine Saint- Denis).

The consortium members would like to invite you to attend the event and participate in the discussions which will benefit from your knowledge and expertise. The day will be split up into specific topics related to five Technology Demonstrators; TD1.3 The new generation of car body shells, TD1.4 Running Gear, TD1.5 New Braking Systems, TD1.6 Innovative Doors and TD1.7 Train Modularity in Use. Final results and achievements will be presented, poster sessions organized and technology demonstrators exhibited.
